

Welcome to The

# ONE HOME UNIV EARTH SITY

Co-Creating an Inclusive and Regenerative Future for the Next 7 Generations

Initiated and stewarded by  
**the Homes for Humanity Movement**  
for Human Flourishing and Planetary Regeneration

The One Home UnivEARTHsity  
invites aspiring future builders of all backgrounds and ages  
to a liberating, transformative, whole-person, and whole-Earth based  
co-learning-and-co-creating-journey to fulfill their purpose and potential,  
renew their communities and regenerate our Home Planet.

Rooted in a Gift Economy and Gifting Culture, the One Home UnivEARTHsity is free and accessible for all.

## THE QUEST

The **One Home UnivEARTHsity for Regenerative Future Building** responds to Humanity's quest for a regenerative future that serves all life.

The uniquely mobile, place-based and virtual One Home UnivEARTHsity is built up on the go, as the **"One Home Journey 2024-2030 - 7 Years for 7 Generations"** travels to every country on Earth.

Guided by Homes for Humanity hosts and local partners, participants explore the central quest of the One Home Journey and One Home UnivEARTHsity, in creative interactions with fellow Earth Citizens of all ages and backgrounds:

*"How can we transform our divided world and endangered planet into an inclusive and regenerative HOME for the diverse family of life on Earth for present and future generations?"*

*"How can we live in unity, peace and wellbeing with ourselves ('inner home'), with each other, across all cultures ('local homes') and with all of life ('Earth home')?"*

In every country there are "living answers" to this quest.

The One Home Journey and the One Home UnivEARTHsity shine light on a few exemplary people, places and practices that inspire and support us to transform the poly-crises we face on Earth and create a regenerative future.

## THE JOURNEY

The One Home UnivEARTHsity invites all participants into a simultaneous inner journey of being and becoming and an outer journey of manifestation and co-creation as we travel, home-to-home and country-to-country connecting with our fellow Earth citizens and Earth family members across every culture and geography, and beyond all borders.

Together, we develop the capacity to be resilient, courageous, and creative in the face of unprecedented crises and dynamic change, and to be mutually supportive and caring, as we transform the challenges we face in this period of whole systems transition.

# PARTICIPATE IN TRANSFORMATIVE CO-LEARNING EARTH JOURNEYS

The One Home UnivEARTHsity's co-learning and co-creative virtual Earth journeys are democratised and open to all motivated future builders, across all ages and backgrounds, regardless of prior academic qualifications.
