

Join The ONE HOME JOURNEY

Initiated by the Home for Humanity movement for human flourishing and planetary regeneration, together with global partner organisations

The One Home Journey 2024-2030
is a planetary expedition, adventure and quest of 7 years
to all countries on Earth
journeying home to home, and culture to culture
to explore, together, the crucial question of our time:

*How can we transform our divided world and endangered planet
into an inclusive and regenerative HOME
for the diverse family of life on Earth for present and future generations?*

*How can we live in unity, peace and wellbeing
with ourselves ('inner home'), with each other, in our communities
('local homes') and with all cultures and all life ('Earth home')?*

The One Home Journey is globally undertaken by the co-founders
of the Home for Humanity movement, Alexander Schieffer & Rama Mani,
locally hosted by Homes for Humanity
and accompanied (online and onsite) by future builders
of all background and ages

**to discover, connect and support
people, places and practices
that exemplify and/or work towards
a regenerative, inclusive, just and peaceful future
for all of humanity and all of life**

**to share, as we journey, key learnings from every country
via the One Home UnivEARTHsity
a virtual co-learning, co-innovating and co-impacting field**

**to support and enable the dreams & visions of Earth Citizens worldwide
to start and/or develop their own transformative initiatives
(Homes for Humanity)**

altogether “co-creating home on Earth”!

TOGETHER WE CAN CO-AUTHOR A NEW STORY
