2024-2030: 7 Years for 7 Generations
 a collective future-building expedition to all countries on Earth
*Initiated by the Home for Humanity movement for human flourishing and planetary regeneration,
 in collaboration with global partner organizations*

21 Sept 2024 to 21 Sept 2030

Dear Friends and Co-Creators,

We welcome you on the epic expedition: the One Home Journey - 7 Years for 7 Generations. Over the coming years we shall explore together, as humanity, the answer to the central quest of our time: **How do we transform our divided world and endangered planet into an inclusive and regenerative HOME for the family of life on Earth?**

Every country, every culture, every home and every person holds unique, living answers to this quest.

The One Home Journey is for all of us!

IMAGINE our collective power, as inter-connected Earth Citizens across all countries on Earth, to co-author and co-create a future of wellbeing for present and future generations.

We look forward to co-journeying with you all!
