

EARTH WEEK

7 Days for 7 Generations

**For Earth Citizens Catalysing
Personal, Local and Planetary Regeneration**
A co-learning-innovation-impact adventure
offered by the One Home UnivEARTHsity, on the One Home Journey

Stewarded by the Home for Humanity movement for planetary regeneration

OVERVIEW What's the Earth Week all about

The Earth Week is a transformative 7 Days onsite co-learning and co-innovation adventure in transformative education, offered 4 times per year in four different world regions by the [One Home UnivEARTHsity for regenerative future building](#). It is an irresistible opportunity to be part of the epic [One Home Journey 2024-2030 – 7 Years for 7 Generations](#) to co-create an inclusive and regenerative future for the diversity of all life on Earth.

For passionate Earth Citizens: The Earth Week welcomes highly motivated local and global Earth Citizens into an integral life-changing experience to sharpen and shape their purpose, passion and potential in service of humanity and the Earth.

Hosted by a pathbreaking organisation: Each Earth Week takes place at a world-renowned pioneering future-building organisation that is a member of the Home for Humanity movement and of the Earth Campus of the One Home UnivEARTHsity. The venue provides a vibrant life-based learning environment for aspiring future builders to “feel the future” while learning within a community of Earth Citizens from all continents.

In Synergy with Innovative Universities and Academies the host organisation and the One Home UnivEARTHsity provide participants with an invigorating ecosystem for transformative education.

7 Days of 7 Hours for 7 Generations – onsite: Comprising a fascinating dynamic transformative programme, the Earth Week is guided by the Co-Founders of the Home for Humanity movement with the pioneering founders of the host organisation, and inspirational inputs from renowned planetary Elders.

12 Weeks Regional Immersion for Manifestation – online: Directly following the onsite Earth Week, participants join virtually for 12 additional weeks the respective One Home UnivEARTHsity season, immersing themselves in the perennial wisdom and pioneering innovations of 6 to 8 countries in the region. This serves as a crucial period to further mature one’s transformative initiative towards manifestation.

Life-serving Impact, Benefits and Learning Outcomes: Graduates will have expanded and strengthened

- Their “Inner Home” of integral self-leadership, life skills and social artistry, and Earth kinship
- Their “Local Home” of a purpose-based initiative and regenerative livelihood for self and community
- Our “Earth Home” as interconnected Earth Citizens, pioneering planetary regeneration.

The “**CEARTHificate in Regenerative Future Building**” is awarded to Graduates by the One Home UnivEARTHsity, co-endorsed by partner universities, institutions and Homes for Humanity worldwide.

WHAT EXACTLY What to expect from the Earth Week

The Earth Week provides a whole-life-based experience of the One Home UnivEARTHsity’s integral approach to regenerative future building, developed and practised by the Home for Humanity movement worldwide. Participants discover and explore the interconnected wholeness and unity of life as a scientific paradigm and perennial philosophy across cultures and continents. They develop their capacity and responsibility as Earth Citizens and future builders to transform our divided world and endangered planet into an inclusive and united home for the diverse family of life on Earth. They engage in the framework and praxis of the three levels of home, for every individual to be a co-creator of a regenerative future for our ONE HOME, Earth:

- 1 “inner home”: for personal human transformation by identifying purpose, passion and potential;
- 2 “local home”: local eco-cultural innovation by developing a purpose-based eco-culturally-grounded innovation for regenerative livelihood, impact and contribution to local community;
- 3 “Earth home”: planetary contribution by optimizing the impact of personal potential and local initiatives, in co-creation and mutual support with other future builders around the Earth.

During the Earth Week, participants will have the experience of discovering the pioneering work of the hosting Home for Humanity, meeting the local team(s), learning hands-on, and doing a joint local project.

Earth Week Part 1 – 7 Days of 7 Hours for 7 Generations: Each day provides an invigorating whole-life-based programme, combining co-learning, exercises and activities, skill development and community service – including a joint community project, serving the local host organisation/community. Each evening there will be a community, cultural or nature activity to enjoy while integrating and applying the day’s learnings.

7 Days of 7 Hours for 7 Generations		
Day 1	Unity	<i>Integral Interconnected Wholeness of life as a scientific paradigm and perennial wisdom</i>
Day 2	Home	<i>The transformative Agency of Home: From Inner Home to Local Home to Earth Home</i>
Day 3	Inner Home	<i>Life-transforming exercises and practices to tap purpose, passion and potential</i>
Day 4	Local Home	<i>Tapping into my innovative initiative inspired by cases of pioneering Homes for Humanity</i>
Day 5	Earth Home	<i>How I can fulfil my purpose, serve community and regenerate the Earth as an Earth Citizen</i>
Day 6	Incubation	<i>Shaping my unique purpose-based local home initiative and presentation</i>
Day 7	Presentation	<i>Presentations, performances, mutual support, next steps. Interim Graduation Certificates</i>

Earth Week Part 2 – A Virtual 12 Week Co-Learning-Co-Evolution Regional Journey: The transformative and engaging onsite action-learning-experience lays the foundation for a subsequent 12 weeks virtual co-learning-innovation-impact process through one regional “season” of the One Home Journey 2024-2030, traveling to 6 to 7 diverse countries in one geographic region. Through this virtual journey, participants discover new ecologies and learn from inspiring pioneers in each country while they co-learn and co-innovate with fellow future builders from around the world. During the foundational Earth Week and through the subsequent virtual “journey” of 12 weeks across a region, participants develop their purpose-based initiative and its regenerative economic basis, inspired by the pioneering cases they learn from. Thereby they gradually step inside-out, into developing their transformative contribution to a regenerative future for all life on Earth.

Earth Week Culmination – The Graduation: The Earth Week culminates in a virtual graduation ceremony and a “CEARTHificate in Regenerative Future Building”, jointly issued and endorsed by the pioneering Homes for Humanity worldwide and the renowned partnering universities and organisations. Participants express their “vision and commitment of 7 years for 7 generations” as Earth Citizens, and present their evolved final local “home for humanity” initiative and its proposed contribution to personal, local and planetary regeneration. They are welcomed into the Home for Humanity community of pioneering changemakers, and their profiles, visions and initiatives are featured on the digital platform of the One Home UnivEARTHsity.

PROPOSED CALENDAR YEAR 1 and YEAR 2 OF THE ONE HOME JOURNEY

– The Earth Week Schedule

The Earth Week is generally offered as the first week of the 12 week season in each of the four world regions that the One Home Journey covers every year, in the period 2024 to 2030.

Every Earth Week takes place within a pioneering organisation that is a member of the Home for Humanity movement. Each is a locally rooted and globally recognized integral role model for regeneration.

Each includes or/and collaborates with an academy, higher learning institute or forward-looking university, thus creating a synergistic transformative education-innovation-impact environment.

We invite you to kindly check and let us know, as soon as you are able, if the following proposed dates for the Earth Weeks, marking Year 1 and 2 of the One Home Journey, are suitable for you, your organisation and team, and your local academic/university partner.

Earth Week 1 Week Onsite	Country	Pioneering Host Home for Humanity	Partnering University or Learning Institute	Full Season 12 Weeks Virtual
23 Sep to 29 Sep 2024	Zimbabwe	Integral Kumusha	Great Zimbabwe University / Catholic University of Zimbabwe	23 Sep to 15 Dec 2024
16 Dec to 22 Dec 2024	Sri Lanka	Sarvodaya	Sarvodaya Institute for Higher Learning	16 Dec to 22 Dec 2024
24 Mar to 30 Mar 2025	Mexico	Huerto Roma Verde	Tec de Monterrey Future Campus	24 Mar to 8 Jun 2025
9 Jun to 15 Jun 2025	Egypt	Sekem	Heliopolis University for Sustainable Development	24 Mar to 8 Jun 2025
21 Sep to 28 Sept 2025	Nigeria	Pax Herbals	Ibadan University	tbc
Dec-Jan 2025	India	CORO	Atta Deep Grassroots Leadership Academy with TISS Tata Institute for Social Sciences	tbc
Mar 2026	Brazil	Sinal do Vale	SINAL Regeneration Campus (with Univ of Rio/Museo do Amana?)	tbc
Jun 2026	Morocco	Come to My Home	Université Hassan II	tbc

FOR WHOM – Highly motivated local and global participants eager to be future builders and who wish to engage, long-term, in a local-global community of integral changemakers

Students from the local partner university/academy: The Earth Week presents a highly attractive opportunity for the local partnering university/academy to select motivated students for this programme, as well as interested faculty who could subsequently run the programme, in following years, with the local H4H.

Local participants: Motivated local participants of all ages and backgrounds

N.B.: Special scholarship spaces will be reserved for highly committed youth and women leaders emerging from marginalised and oppressed backgrounds.

Global participants: of all ages and backgrounds, aspiring to contribute actively as caring future builders and seeking to strengthen their skills as Earth Citizens and emerging integral leaders, are invited to join. Global Participants' gift fees contribute towards the scholarship for Youth for the Future and Women for the Earth.

BY WHOM – Inspirational Earth-wide Catalysts

The Earth Week will be co-led by the Co-Founders of the Home for Humanity Movement and the One Home UnivEARTHsity, [Professor Alexander Schieffer](#) and [Dr. Rama Mani](#), together with the Founder(s)/Host(s) of the hosting Home for Humanity organisation. The programme is based on the methodology and practice they have jointly developed of the “Art and Science of Integral Transformation”. The Earth Week draws on their decades of innovating and delivering interactive life-changing transformative education programmes around the world and in the integral Home campus of Home for Humanity in France together with leading universities like St Gallen University Switzerland, Da Vinci Institute South Africa, Meridian University, USA, Geneva Academy, GCSP, Switzerland, and University of Oxford, UK.

The Founding Members of the local Home for Humanity will play a key role in the programme, sharing their innovative story and on the ground experience. There will be grounded interaction with key team members.

On four days, within the 7 daily hours, there will be a 49 minutes (7x7) Masterclass with one of Home for Humanity’s globally renowned Earth elders/wisdom keepers. This would generally include a special teaching by world-renowned **Professor Jean Houston**, and an integral leadership mentoring call with former UN Under Secretary-General **Dr. Youssef Mahmoud**, the two Co-chairs of the Home for Humanity Movement.

YOUR GIFT TO PARTICIPATE – Your financial contribution

- **GIFT FOR PARTICIPATION = 1777 EURO/USD:** The 12 week “CEARTHIFICATE in Regenerative Future Building”, including the onsite Earth Week and the online full season in a world region, has a “gift value” of 1777 EURO/USD. For this amount, the participant receives tuition, food and accommodation during the Earth Week, plus online teaching throughout the full season, as well as the graduation. International transport is not included, and there might be a small surcharge for local transport.
- **GIFT OF SCHOLARSHIP = 777 EURO/USD:** In line with our commitment to support highly motivated youth and women from marginalized and crisis-affected contexts, we offer a limited number of scholarships, for a reduced gift fee of 777 EURO/USD.
 - We invite local and global wellwishers to make gifts for scholarships.

We are looking much forward to welcoming you at one of our upcoming Earth Weeks!
